GEF Transboundary Diagnostic Analysis/ Strategic Action Programme Manual

|

Description / Abstract

This is the first of three Parts that makes up the GEF Transboundary Diagnostic Analysis/Strategic Action Programme (TDA/SAP) Manual. It presents an introduction to International Waters and the TDA/SAP process. It describes what International Waters are and why are they important, and why the GEF is interested in them. It then outlines the TDA/ SAP process as a tool for IW management, presents a brief history of the TDA/SAP process, gives examples of TDA/ SAP processes in action and finally describes the current GEF approved version of the TDA/SAP process.
