RESOURCE

A toolkit for integrating Menstrual Hygiene Management (MHM) into humanitarian response

|

Author(s)

Sommer, Marni Schmitt, Margaret Clatworthy, David

Description / Abstract

The Menstrual Hygiene Management (MHM) in Emergencies toolkit aims to provide streamlined guidance to support organizations and agencies seeking to rapidly integrate MHM into existing programming across sectors and phases. This toolkit was informed by an extensive desk review, qualitative assessments with a range of humanitarian actors and organizations, and direct discussions with girls and women living in emergency contexts and directly affected by this issue.
