Corporate Water Disclosure Guidelines: Towards a Common Approach to Report Water Issues

|

Author(s)

Schulte, Peter Morrison, Jason Koopman, Lauren Allan, Natalie Lamb, Cate de Souza, Karina Norton, Marcus Shiao, Tien Reig, Paul

Description / Abstract

The CEO Water Mandate's Corporate Water Disclosure Guidelines offer a common approach to disclosure. They put forward metrics that can begin to harmonize practice and also provide guidance for defining what to report. It is our hope these Guidelines drive convergence and harmonization with respect to how companies report their water management practices while helping to minimize reporting burdens, thus allowing companies to allocate more time and resources to actively manage water.
