Recommendations of the Task Force on Climate-related Financial Disclosures

|

Description / Abstract

The TCFD recommendations on climate-related financial disclosures are widely adoptable and applicable to organizations across sectors and jurisdictions. They are designed to solicit decision-useful, forward-looking information that can be included in mainstream financial filings.

The recommendations are structured around four thematic areas that represent core elements of how organizations operate: governance, strategy, risk management, and metrics and targets.

The TCFD recommendations summarized below are fully described in the TCFD recommendations report.
