Bridging Global Infrastructure Gaps

|

Author(s)

Woetzel, Jonathan Garemo, Nicklas Mischke, Jan Hjerpe, Martin Palter, Robert

Description / Abstract

Global infrastructure systems are straining to meet demand, and the spending trajectory will lead to worsening gaps. But there are solutions to unlock financing and make the sector more productive. This report contributes to MGI's mission to help business and policy leaders understand the forces transforming the global economy, identify strategic locations, and prepare for the next wave of growth.
