Greater Cape Town Water Fund: Business Case - Assessing the return on investment for ecological infrastructure restoration

|

Author(s)

Stafford, Louise Shemie, Daniel Kroeger, Timm Baker, Tracy Apse, Colin

Description / Abstract

This Business Case puts forward ecological infrastructure restoration as a critical component of efforts to enhance water security for all users of the Western Cape Water Supply System (WCWSS). Funding and coordination of restoration will be catalysed by a collective action Water Fund that pools financial support across multiple public and private water users and others interested in ecological infrastructure solutions to Greater Cape Town's water challenges.
