Ceres: Investor Water Toolkit

**Description / Abstract**

The Investor Water Toolkit is the first-ever comprehensive resource to evaluate and act on water risks in investment portfolios. This ‘how-to’ guide includes links to resources, databases, case studies and other tools for all investors to use, from pension funds to endowments to asset managers. The Toolkit was developed in collaboration with more than 40 institutional investors from across the globe and is the ultimate resource on water integration written for investors by investors.
