

RESOURCE

Using indicators for improved water resources management

|

Author(s)

Bertule, M. Bjørnsen, PK Costanzo, S. Escurra, J. Freeman, S. Gallagher, L. Kelsey, R. Vollmer, D.

Description / Abstract

This guide was developed to help basin managers, decision makers and other water resource management practitioners navigate an increasingly complex 'jungle of indicators'. It provides scientific, technical and communication guidance on use of indicators for better basin resource planning and management.
